

## **Review of (EAAH) — Establishing An Apostolic Hermeneutic: A Conservative Presuppositional Approach**

Elder Garza's work, *Establishing An Apostolic Hermeneutic*, is an elucidating document. This comprehensive and scholarly discourse provokes critical thought, self-examination, and encourages the reader to evaluate and affirm their own personal belief system. As the pastor of a new church plant and now developed church, I feel enriched, equipped, and inspired to pursue becoming a more masterful theologian.

Elder Garza's work has also challenged me to not only become a better minister, but also a more effective and knowledgeable teacher and student. In the same aspiration of Erza found in Ezra 7:10, this work has given me a greater determination to "...[prepare my] heart to seek the law of the Lord, and to do *it*, and to teach [it]..."
