

God's Standard of Unity

The enemy is coming in like a flood, BUT the Spirit of the Lord is raising a standard against it. Part of that raised standard against Satan's endeavors is the Apostolic ministry. God uses his ministry (in all capacities) to insulate the church against our enemy's wares.

Psalm 133:1 says, "How good and how pleasant it is for BRETHREN to dwell together in unity." There is a special anointing and favor of God that rests upon His church when those in leadership work together under the direction and authority of their Pastor. The church needs praying men, Bible-reading men, submissive men, and worshiping men more than ever. Jealousy and bitterness cause the standard to be lowered; therefore, the enemy is granted easier access to wreak havoc in the church. Brethren, if there's ever been a time for us to link together in unity and raise that standard against hell, IT'S NOW!

In Exodus 17:10-12, we see Aaron and Hur on the mountain with their pastor. Their pastor, Moses, was the standard-bearer against the Amalekite enemy. Aaron and Hur recognized the need to lift up the standard against the enemy. As long as the standard was raised high, the enemy was losing, but when the standard wearied and began to lower, the enemy began to prevail. Joshua, Aaron, and Hur all had vital roles to play in that victory. Because Aaron and Hur kept the hands of their standard bearer lift, Joshua discomfited or defeated the enemy. These men were unified in their endeavors and committed to their respective responsibilities!

Each of us has a job to do in keeping the standard raised and keeping the enemy on the run!

Colossians 3:23 "And whatsoever ye do, do it heartily, as to the Lord..."

Everything a saint or a preacher does for the church, or for their Pastor, is to the Lord! Let's walk together in unity, raise the standard, and watch the enemy be defeated... TOGETHER!

"God's Standard of Unity."
