

Polluted Prophecy

To say “thus saith the Lord,” or, “God told me to tell you,” or, “the Holy Ghost said” or other similar words when God has not spoken is a bold and blatant lack of the fear of God. It violates the third commandment.

Exodus 20:7 “Thou shalt not take the name of the LORD thy God in vain; for the LORD will not hold him guiltless that taketh his name in vain.”

To say “God said” when He did not is polluted prophecy. Ezekiel 13 deals with this travesty.

It is possible that ministry is done in His name, yet not by His Spirit. It is not from His mouth.

Accuracy alone does not determine the word to be from God. It can be ever so accurate and not be from the mouth of God. Divination can also hit the nail on the head.

These are points to consider. May we be true mouthpieces that God will use in these perilous days!
