

Wicked Ideologies

Postmodernism must not only be seen as a competing worldview, but an ideology which holds men and women captive to the ideas of Satan. It must be seen as a secular faith that is blinding the minds of the unbelieving. Therefore, when measured against the absolute truth of Scripture, it must be identified as a lie. True wisdom must begin with belief in the truth God. The carnal mind is at enmity with God and cannot please Him. The Gospel of Jesus Christ must rescue Proponents of postmodernism from this ideology. Those who rightly divide the Scripture must bring them to the conviction of God through the proclamation of truth.
